INTREPID SAFETY PRODUCTS

**OUR STRENGTH IS YOUR SAFETY**

**A TEMPORARY AND SAFE WORKING ENVIRONMENT**

## SAFETY TENTS

**SAFETY TENTS** create a temporary and safe working environment that can be used as a guardhouse or a shelter for tasks like handing out permits or other documents on the plant. They can easily be disassembled, stored for later use and reassembled when necessary.

### Key properties

- ✓ Aluminium light weight frame;
- ✓ Connected with malleable iron;
- ✓ Flame retardant PVC coated technical textile, windows included;
- ✓ Fire behavior M2/B1/DIN4102;
- ✓ Good visibility around the SPT's;
- ✓ Industrial look;
- ✓ Removable parts;
- ✓ Available in different sizes;
- ✓ Available in different colours (with logo);
- ✓ Sustainable and zero waste;
- ✓ No confined space;
- ✓ Modular system.

The default dimensions of the tent are 3.00 x 3.00 x 2.50 m, roof size is 3.70 x 3.70 m. The frame consists of 42.2 mm aluminum pipes.

### Advantages over mobile office units

- Lightweight, so easy to assemble or remove - no cranes or large trucks necessary;
- Can be transported to and built in hard to reach places;
- Not a place for people to 'hang around';
- A Safety tent is open, not enclosed, hence better accessibility and better view around;
- Adaptable to every situation, regarding size, colour etc.
